Superintendent's Message

Every day and in everything we do, our focus is on “giving back to the future.” No matter what our job duties, this is our shared theme. Although our immediate projects and duties take priority, we must remember that our actions today create the future we desire tomorrow.

Giving back to positively change the future can be achieved in many ways. We give back personally when we volunteer our time and resources or serve as a mentor. We also give back professionally when we practice kindness, civility and respect of our colleagues. When we go that extra mile to help students, they thrive no matter their circumstances or abilities.

I am proud to be on this journey of excellence with every member of our community who is dedicated to changing the lives of all children. Best wishes on a wonderful 2017-18 school year.

We can change lives, one future at a time!

The Role and Function of the Fresno County Board of Education

The Fresno County Board of Education works with the Superintendent of Schools to provide services and support to the County’s 32 school districts. The Board is directly responsible for the education of youth in the custody of the Fresno County Probation Department through the Court Schools system, which includes Alice M. Worsley School and the Violet Heintz Education Academy. The board is also responsible for Community Schools which serve students who are out of custody and on probation, and students who are expelled from district programs. The Board of Education has the sole responsibility of reviewing expulsion and inter-district transfer appeals.

The Fresno County Board of Education is also involved in the Fresno County School Trustees Association, Inc., the California County Boards of Education, and the California School Boards Association. Board members must reside in one of the five Fresno County Board of Supervisors districts within Fresno County, and are elected by the voters of the district.

**FRESNO COUNTY
SUPERINTENDENT OF SCHOOLS**

About the **FRESNO COUNTY SUPERINTENDENT OF SCHOOLS**

County offices of education are the intermediate level of the public education system in California. Serving 32 school districts and almost 200,000 students, Fresno County Superintendent of Schools has a legislative mandate to ensure that school districts remain fiscally solvent and in compliance with state and federal laws. Moreover, county offices serve as a safety net for students with special needs, offering direct services for migrant, special education, and court and community school students.

County offices also provide a full range of support programs and services. These include professional training and staff development, curriculum, business and finance support, health and pupil personnel services, as well as legislative and public policy leadership and advocacy at the local, state and federal level.

Career Technical Education

The Career Technical Education department manages the Fresno Regional Occupational Program (ROP), which empowers students to make meaningful career choices by providing opportunities for them to explore their interests, develop career skills and reinforce academics through career technical education. Programs include agriculture and natural resources; arts, media and entertainment; building and construction trades; education, child development and family services; energy, environment, and utilities; engineering and architecture; fashion and interior design; finance and business; health science and medical technology; hospitality, tourism and recreation; information and communication technologies; manufacturing and product development; marketing, sales and service; public services; and transportation with offerings varying from school district to school district. Fresno ROP offers students a wide range of educational benefits, including college credit for qualifying courses, industry certification and internships when appropriate. More importantly, Fresno ROP allows students to develop a passion in what may become their lifelong career.

Fresno County Court and Community Schools

The Court Schools provide educational services to students who are under the jurisdiction of the juvenile court and are in custody at the Fresno County Juvenile Justice Center. The school program is WASC accredited and offers a course of study that leads to a high school diploma.

The Community Schools provide educational services to out-of-custody students in grades 7-12 who are referred by the Probation Department, Juvenile Court, Department of Social Services, and school districts. Most students return to their districts of residence after a semester or a year; however, some complete graduation requirements while enrolled in our program and earn their diplomas.

Migrant Education Program

The Migrant Education Program is a federally funded supplemental program that provides education and support services to identified migrant students ages 3-21. The program focuses on the areas of English Language Arts, Mathematics, High School Graduation, School Readiness, Health, Out of School Youth and Parent Involvement as defined in the California State Service Delivery Plan for Migrant Education.

The goal of MEP is to ensure that migratory students are provided with appropriate academic support that address their unique needs. They are afforded ample opportunities to reach challenging academic standards and graduate with a high school diploma (or complete a GED) that prepares them for responsible citizenship, further learning and productive employment.

Special Education

The Special Education Department provides individual, small group and classroom instruction that emphasizes the development of cognition, language, social, behavioral, self-help and academic skills to individuals ages 0 to 22 who have various forms of abilities. Needs are addressed within a framework of developmentally appropriate curriculum aligned with state standards. An important goal of our program is to enable students to become independent, valued citizens of their communities. Services are provided in a variety of settings including home, preschool, school and community.

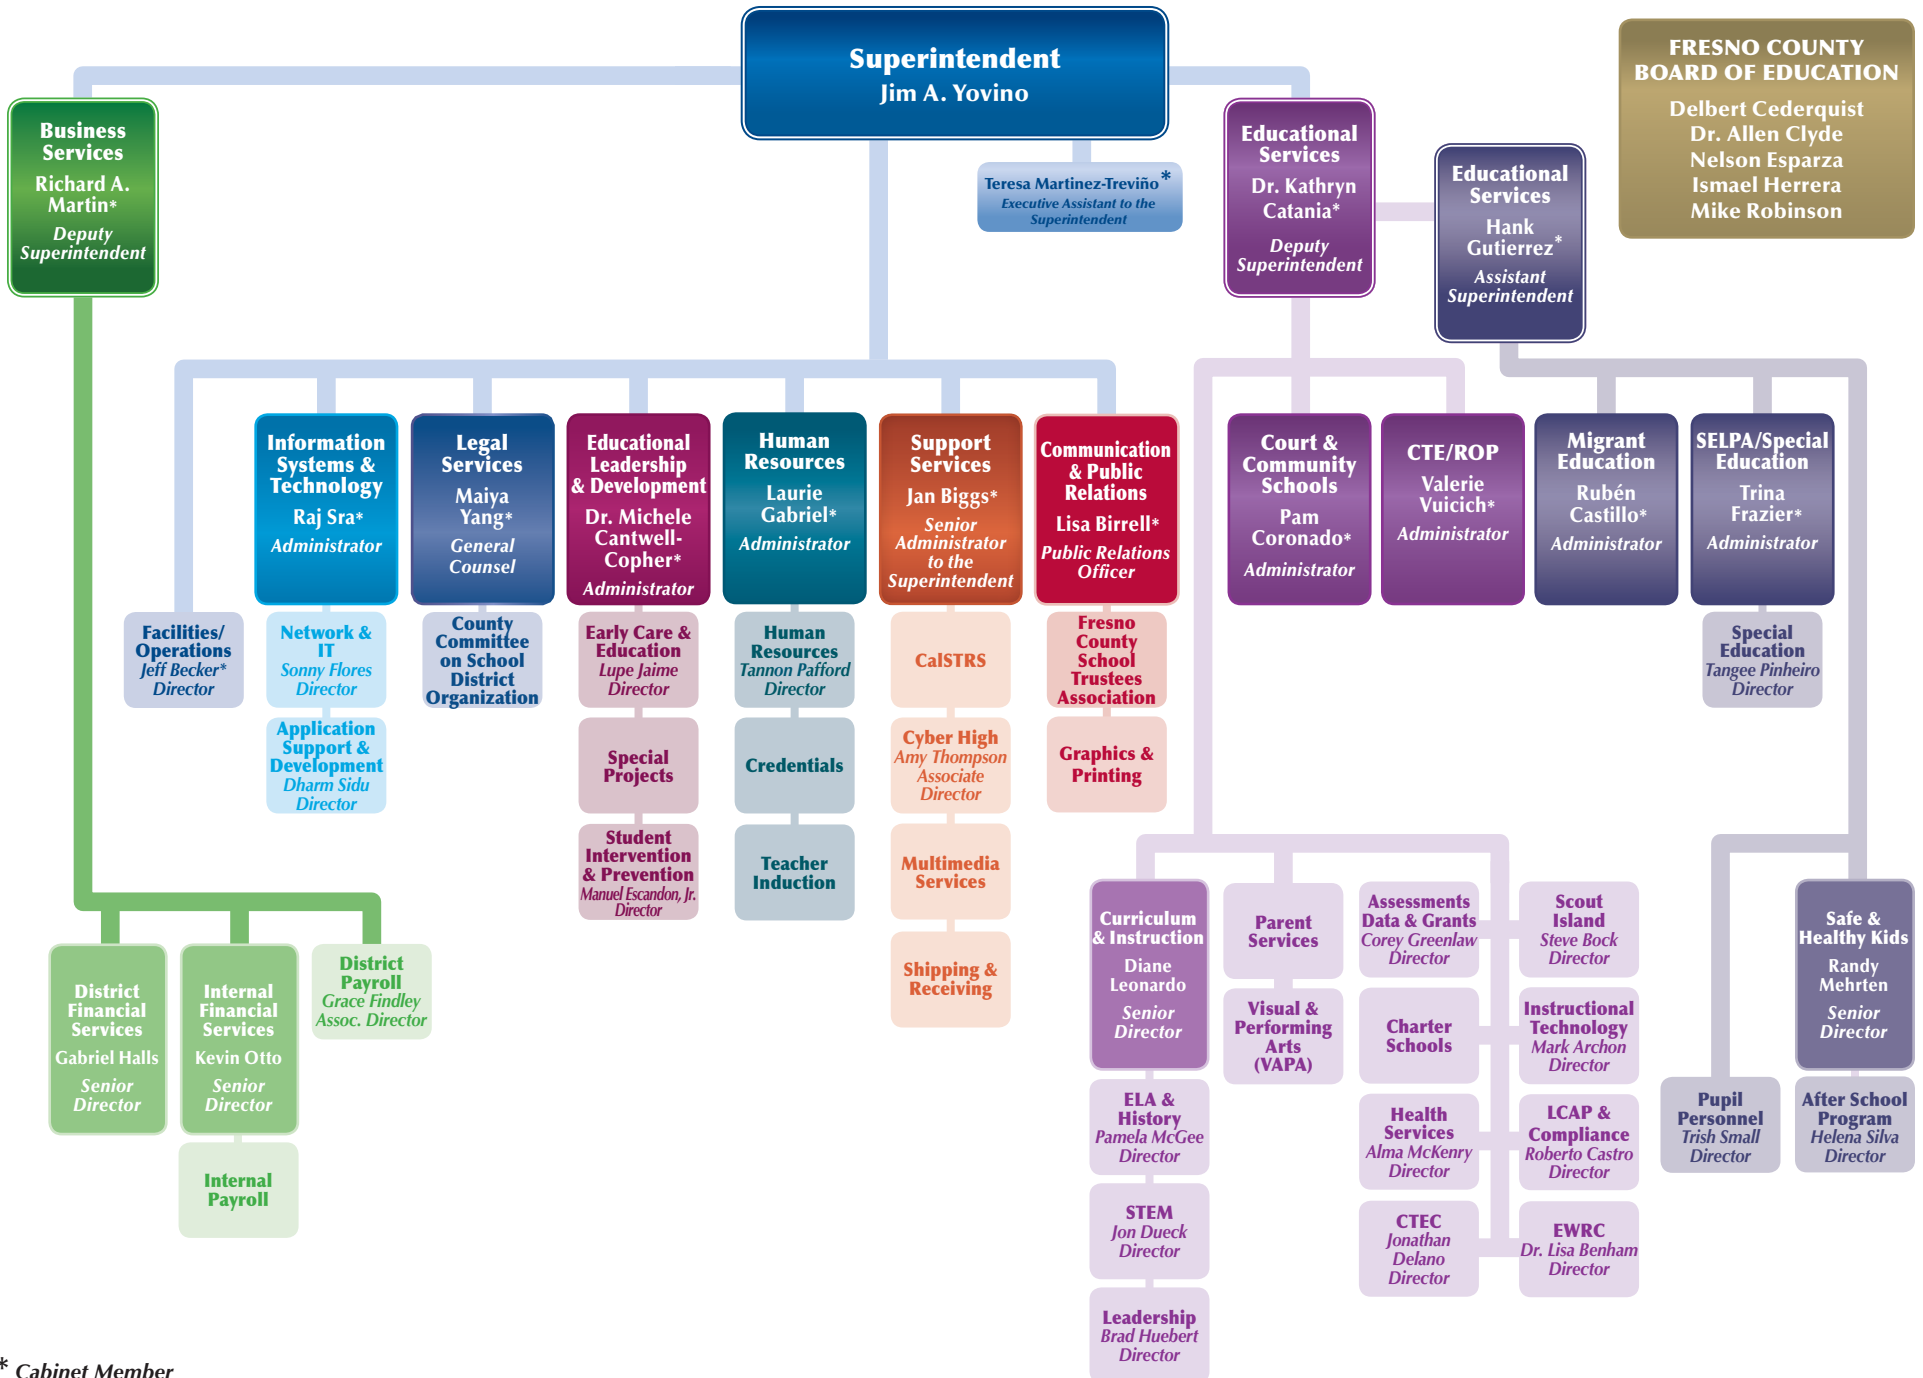

Special Education Local Plan Area (SELPA)

The Fresno County SELPA is divided in four regions with representation from 31 Local Education Agencies (LEAs), including the Fresno County Superintendent of Schools Special Education Operated Programs. The SELPA ensures the delivery of special education programs and services to the students with disabilities residing within our regional boundaries. The SELPA also provides monitoring and compliance, Autism consultation services, Positive Behavior Intervention Supports (PBIS) and Mental Health Services to LEAs.

The Fresno County Charter SELPA is composed of Charter LEAs located in Central California. The Charter SELPA ensures a quality educational program appropriate to the needs of each eligible child with a disability who is served by the Charter LEAs. The Charter SELPA offers support with quality special education services, professional development, and collection and data reporting.

WE BELIEVE EVERY STUDENT CAN THRIVE!

"I believe we can all make a positive difference in the lives of our children, not only through education, but in a shared interest in the well-being of others."

Jim A. Yovino
Superintendent

Fresno County Board of Education
