## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Violet Heintz Education Academy serves probation and district-referred students in grades 7-12. The programs and services offered by VHEA support the enhancement of students' positive attitudes regarding education and overall wellness in preparation of their successful return to their district of residence. Each classroom is staffed by a teacher and a paraprofessional. The low student to staff ratio allows each staff member to design instruction and support to best meet the needs of the student. Most students return to their district of residence after a semester or a year; however, some complete graduation requirements and earn a high school diploma while enrolled with us.

The instructional staff implement project-based learning as a model to deliver curriculum based on CA State Standards. Through rigor, relevance, and relationships, our school faculty works diligently to ensure that each student will progress in academics and social growth. Our school's progress indicators include student data from the California Assessment of Student Performance and Progress (CAASPP), the English Language Proficiency Assessments for California (ELPAC), the California Physical Fitness Test, and local diagnostic, benchmark and curriculum-embedded assessments in reading, writing, and math. Indicators are monitored and reviewed throughout the school year at regularly scheduled administrative team meetings, site leadership meetings, and Professional Learning Communities to enhance student engagement. In addition, Collaborative Team meetings may be held to review over all student progress and services.

Student Learning Outcomes (SLOs) were revised in September 2014 and were revisited in 2018. The school and community members determined the SLOs to remain relevant and essential: 1) Students will demonstrate progress toward proficiency in academics, 21st century skills, and college and career readiness, 2) Students will exhibit pro-social behavior, demonstrate self-discipline, responsibility, and encourage peer improvement, and 3) Students will successfully transition and continue on an educational and/or career path. FCSS' Court and Community Schools completed a full WASC accreditation in November 2021,

and the department is currently awaiting accreditation results. The school's mission is to assess students' educational needs; provide educational opportunities for all students in developing positive self-esteem, academic skills, practical life skills, and social skills; and assist students in completing their high school education, provide relevant career technical education, and/or in transitioning students to other appropriate educational programs.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Beginning with District Professional Learning Communities, discipline specific committees were assigned to work with FCSS consultants to guide the process of curriculum selection. The committees were comprised of site administration, teachers on special assignment, and content specific classroom teachers. The group reviewed a selection of CA Standards aligned curricula and rated using criteria from the Instructional Materials Evaluation Tool for alignment to the shifts and major features of the California State Standards.

The committees also reviewed and piloted supplemental curriculum to support core instruction, needs of the students, rigor and relevance, and universal access. In addition, cross curricular themes were identified. Implementation is ongoing and reviewed at site Professional Learning Communities and supported via administration's classroom visits/walk throughs, direct support to teachers, and teacher and student surveys.

### School Facility Conditions and Planned Improvements

VHEA provides safe environments for student learning. School facilities are well maintained and provide sufficient space for students and staff to support teaching and learning. The Fresno County Superintendent of Schools' Facilities Department continuously monitors the school to ensure that classrooms and facilities are well maintained and support a safe learning environment before, during, and after school.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2021-22 Opportunities for Parental Involvement

Violet Heintz Education Academy (VHEA) will continue to increase opportunities for active parent and community involvement in the school planning process by providing greater parent outreach efforts and development opportunities in our advisory committees. Opportunities may include, but are not limited to, School Site Council (SSC), the English Language Learner Advisory Committee (ELAC), the District English Language Learner (DELAC), Open House Night, Back to School Night, and parent support meetings will continue to be held. This will ensure that the VHEA planning process is broad-based, collaborative and has commitment of all stakeholders including staff, students, and parents in accordance with our district and school parent involvement policies.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The Comprehensive School Safety Plan for VHEA Community School is revised and reviewed annually by school staff and the School Site Council.

Safety procedures, including elements of the school safety plan are reviewed with staff throughout the school year during various trainings, meetings and emergency drills. School safety plans are presented for review at annual stakeholder meetings. The school safety plan is updated yearly and presented to staff during the annual staff in-service. The School Safety Plan for VHEA will be updated in the Spring of 2021.

## 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

## 2020-21 Types of Services Funded

VHEA's student needs were identified by staff, students, administration and stakeholder groups at School Site Council meetings, professional learning communities, parent meetings and several LCAP collaborative meetings through the analysis of local and state-level academic and behavior data. All services are aligned with the LCAP.

In addition to monitoring and support by the principal, academic needs are met with services including a teacher on special assignment to provide instructional coaching. The guidance learning specialist maintains a greater focus on over all student wellness and provides student transition support to districts of residence. Furthermore, behavioral and social needs are supported by the school psychologists.

HiSET preparation, credit recovery, and independent study are available for students. Paraprofessionals provide support in each classroom. Restorative and Trauma-Informed practices enhance the teaching and learning process, and mentoring services are available throughout the school day to all students.

## 2019-20 Teacher and Administrative Salaries

This table displays the 2019-20 Teacher and Administrative salaries. For detailed information on salaries, see the CDE Certification Salaries & Benefits web page at <http://www.cde.ca.gov/ds/fd/cs/>.

## Professional Development

The focus for professional development is on enhancing our implementation of and engaging instructional strategies with the Common Core State Standards and practices, in accordance with our district set goals while maintaining particular attention to the various needs and learning styles represented by our students. Administration and school personnel will continue to monitor progress of the focus on learning and collective inquiry to best practice. In addition, the school continues to provide strategies complementary to School-wide Positive Behavioral Interventions & Supports, a decision making framework that guides selection, integration, and implementation of evidence-based academic and behavioral practices for improving academic and behavior outcomes for all students.

Professional development opportunities will continue to be aligned to support our identified critical areas of need of the school community. Needs were identified by school staff, administration, students and stakeholder groups through Local Control Accountability Plan meetings at minimum and include: literacy/writing across the curriculum, numeracy, English Language Development, Next Generation Science Standards, trauma informed care, 21st Century Learning Skills, and the integration of visual and performing arts practices to enhance teaching and learning. Teachers are supported through virtual conference attendance, after-school virtual workshops or professional learning communities in discipline-specific cohorts, in-class or virtual coaching, teacher-principal meetings, weekly site professional learning communities, district professional learning communities, and student performance data review and analyses to inform instruction at site-specific professional learning communities. The numbers reported in the three-year data table represent professional development dedicated to staff development and continuous improvement. The school has a 90-minute weekly professional learning community for teachers and administration to attend.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## 2020-21 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with “NT” values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.
