2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Alice M. Worsley School may serve middle and/or high school students. Students at Alice M. Worsley School reside at the Fresno County Juvenile Justice Campus, primarily a detention facility of the Fresno County Probation Department who provides custodial care for youth involved in the adjudication process through the juvenile courts. Instruction in the Court School program is offered year-round, and the length of school enrollment for each student varies as determined by the adjudication process. The schools' October 2025 Census Day Enrollment included 90 students. 24 students received educational services on the campus' designated long-term, or commitment, side of the campus resulting in enrollment that may be up to seven years. Conversely, 62 students received educational services in the designated short-term side of the campus, or detention while awaiting court proceedings, resulting in enrollment that may range from a few days to several weeks.

The school's progress indicators include student data from the California Assessment of Student Performance and Progress (CAASPP), the English Language Proficiency Assessments for California (ELPAC), and local diagnostic, benchmark and curriculum-embedded assessments in reading, writing, and math. In addition, credits earned for long-term high school students are monitored for support needed in goal attainment. Indicators are monitored and reviewed throughout the school year at regularly scheduled administrative team meetings, site leadership meetings, and professional learning communities. The Court School's curricular emphasis has a solid foundation of the California State Standards, while maintaining particular attention to the various needs and learning styles represented by all students. School personnel are also focused on successful implementation of research-based practices in accordance with our district goals. The instructional program on the Commitment Campus may offer Career Technical Education/Regional Occupational Program courses that include Environmental Horticulture Science and Welding. Industry-level welding certifications may be earned in the Welding classes, in addition to forklift certification. Additional course opportunities may include after-school and Saturday classes for enrichment and/or intervention, as well as dual enrollment in collaboration with the State Center Community College District. In addition, School-wide Positive Behavioral Interventions & Supports, a decision-making framework that guides selection, integration, and implementation of evidence-based academic and behavioral practices for improving academic and behavior outcomes for students are implemented.

Alice M. Worsley School has achieved full accreditation by the Western Association of Schools and Colleges (WASC) for over 25 years. Student Learning Outcomes (SLOs) were revisited and revised in 2021. The school and community members determined the SLOs to remain relevant and essential: 1) Students will demonstrate progress toward proficiency in academics,

2025-26 School Description and Mission Statement

21st century skills, and college and career readiness, 2) Students will exhibit pro-social behavior, demonstrate self-discipline, responsibility, and encourage peer improvement, and 3) Students will successfully transition and continue on an educational and/or career path. FCSS' Court and Community Schools completed a full WASC self-study and review in November 2021, and earned a six year accreditation. The school's mission is to assess students' educational needs; provide educational opportunities for all students in developing positive self-esteem, academic skills, practical life skills, and social skills; and assist students in completing their high school education, provide relevant career technical education, and/or in transitioning students to other appropriate educational programs..

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Beginning with District Professional Learning Communities, academic discipline specific committees were assigned to work with FCSS consultants to guide the process of curriculum selection. The committees were comprised of site administration, teachers on special assignment, and content specific classroom teachers. The group reviewed a selection of CA Standards aligned curricula and rated using criteria from the Instructional Materials Evaluation Tool to align with the shifts and major features of the California State Standards.

The committees also reviewed and piloted supplemental curriculum to support core instruction, needs of the students, rigor and relevance, and universal access. Cross curricular themes were identified and implementation is ongoing as shared at site Professional Learning Communities and monitored and supported via classroom visits/walk throughs, evaluations, and teacher and student surveys.

School Facility Conditions and Planned Improvements

Alice M. Worsley Court School is located at the Fresno County Juvenile Justice Campus, a facility owned and operated by the County of Fresno and constructed in July 2006. The campus maintenance and repairs are maintained through contracted services between the County of Fresno and the Fresno County Probation Department, not by the Fresno County Superintendent of Schools (FCSS). However, school site administration communicates maintenance needs and requests with the Probation Department by utilizing a digital maintenance process for requesting repairs. Maintenance responses and repairs are then provided by the Probation Department's contracted provider of Fresno County.

Facility inspections of the school areas are administered annually in the form of a Facility Inspections Tool report (FIT) by the Facilities Department of the Office of the Fresno County Superintendent of Schools (FCSS). FCSS Facilities conducted a FIT inspection in December 2025.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 Career Technical Education Programs

Career Technical Education (CTE)/Regional Occupational Courses (ROP) courses during the 2024-2025 school year included Welding and Environmental Horticulture Science. The CTE instructors collaborate with all teachers at weekly professional learning communities and monthly district professional learning communities for supporting students' academic and behavioral goals, including the enhancement of soft skills and goal setting. As of the 2024-2025 school year, at least 80 former students/graduates have gainfully obtained employment as a result of earning welding certifications at Alice M. Worsley School, certified by the American Welding Association. Both CTE Industry Sectors maintain an active advisory committee comprised of the instructors the CTE/ROP District Coordinator and a minimum of three industry representatives.

Worsley continues to operate its CTE courses during the 2025-26 school year.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Alice M. Worsley School provides for opportunities for meaningful interactions to strengthen communication among parents, collaborative site-based agencies, and the school community. The agencies work in concert to effectively foster the school-to-home relationship with a common goal of supporting overall student wellness and academic progress. Examples may include:

Regularly scheduled evening meetings, up to 12 per school year, with parents, students, school community personnel, and general community members/educational partners for the joint development of support and services to students.

Review and assistance in understanding the state's academic content standards, state and local assessment results, and discussion of the school's monitoring and reporting processes.

Review of supports for over all student wellness and progress, including student, staff and parent survey data and district-paid parenting workshops.

Schedule of monthly meetings for school and various, essential campus agency personnel who meet to plan for students' success, including but not limited to Transition/Exit Meetings.

Additionally, school personnel contact information is distributed at minimum through weekly mailings to parents of new students of the annually updated Alternative Education's Parent Notifications, postings on the school website, through the use of ParentSquare online app that uses parent/family emails and text messages, and at flexibly scheduled meetings including the Court Schools' Parent Teacher Association (PTA) General Meetings.

2025-26 School Safety Plan

The Alice M. Worsley Comprehensive Safe School Plan is in compliance with federal, state, and local regulations as related to health and safety at school and school-sponsored events. The plan is inclusive of policies, procedures, and guidance for violence prevention, emergency preparedness, crisis intervention, and student and employee safety. The Comprehensive Safe School Plan shall be used during an emergency incident involving an FCSS facility. In addition, the school also adheres to the safety plan of the Fresno County-operated facility as the school is located on the grounds of the Fresno County Juvenile Justice Campus.

The FCSS Comprehensive Safe School Plan is updated annually in February and reviewed with site faculty each school year in its entirety no later than September of each school year. The plan was last reviewed with site faculty on August 13, 2025. The School Site Council participates in the development of the Comprehensive Safe School Plan and they will next review and approve it in the Spring of 2026. Key elements as related to health and wellness, safety, and campus culture are reviewed and referenced throughout the year as needed among the school community and stakeholders.

Fiscal Year 2024-25 Types of Services Funded

Programs and services available at the school are developed by evaluation of Student Learning Outcomes, state and local assessment data, and student, staff, and educational partner survey feedback. Through collaborative Local Control Accountability Plan (LCAP) meetings, site and district Professional Learning Communities, Coaches Planning and Administrative meetings, School Site Council, and other parent-school meetings, jointly developed school goals may include: improvement of the school climate, a heavier focus on successful student transitioning from our site, continued effective staff development, effective integration of technology in teaching and learning for students and staff, and continued improvement of support for all students in achieving academic and behavioral gains.

The school team will continue to meet the individual academic needs of students through a combination of academic and emotional/behavioral supports. The school will continue to contract with FCSS Departments for services and support for curriculum and instruction with writing across the curriculum, Trauma Informed Care training and practices, enhancement of teaching and learning with visual and performing arts practices, enhancement of teaching and learning with instructional technology, and project-based thematic learning.

Professional Development

The focus of professional development is enhancing the implementation of engaging instructional strategies aligned with the Common Core State Standards and instructional practices, in accordance with district-set goals, while maintaining particular attention to the diverse needs and learning styles represented by students. Administration and school personnel will continue to monitor progress related to the focus on learning and collective inquiry to inform best practices. In addition, the school continues to provide strategies aligned with School-wide Positive Behavioral Interventions and Supports (PBIS), a decision-making framework that guides the selection, integration, and implementation of evidence-based academic and behavioral practices to improve academic and behavioral outcomes for all students.

Professional development opportunities continue to be aligned to support the school community's identified critical areas of need. These needs were identified by school staff, administration, students, and educational partner groups through Local Control Accountability Plan meetings, at a minimum, and include literacy and writing across the curriculum, numeracy, English Language Development, Next Generation Science Standards, trauma-informed practices, 21st-century learning skills, and the integration of visual and performing arts practices to enhance teaching and learning. Teachers are supported through conference attendance, after-school workshops, professional learning communities in discipline-specific cohorts, in-class or virtual coaching, teacher-principal meetings, weekly site-based professional learning communities, district professional learning communities, and the review and analysis of student performance data to inform instruction. The numbers reported in the three-year data table represent professional development dedicated to staff development and continuous improvement. The school provides a 60-minute weekly professional learning community for teachers and administration.

This table displays the number of school days dedicated to staff development and continuous improvement.
